2016-17 Statement of Faith Support & Conduct Agreement

We agree and acknowledge, (by voluntarily signing the below form), to be subject to the social, educational, disciplinary and spiritual standards set forth by LIFE Christian Academy. LCA policy requires that to be enrolled and to continue enrollment as a student, we as parents agree to support school policy in matters of dress, all rules of conduct, grooming, music, and entertainment. Students are to abide by the standards as described in the Student Handbook. We will support the classroom teacher, attend scheduled parent/teacher conferences, and communicate with the school as needed. I understand that untruthfulness, cheating, and any unwholesome speech will not be tolerated at LCA.

Our family will be attending a Bible-believing church on a regular basis. We also agree not to propagate individual beliefs or doctrine contrary to LIFE Fellowship's Statement of Faith. We understand that attending LCA is a privilege and not a right. We also agree to support the financial policies of the academy. If it becomes apparent that we can no longer support the rules of LCA, the administration and faculty, we will voluntarily and quietly withdraw or be requested to withdraw from the school.

I have read the above statements and agree to support the standards and policies of LCA while my child is in attendance here:
